Typical Commutes

- The average commute is 22 miles and takes approximately 33 minutes one way.

For the following question, think about how you get to your usual work location during a TYPICAL WORK WEEK. How many days a week do you use the following forms of transportation to get to work? If you use more than one type on a single day (e.g., walk to the bus stop, then ride the bus), count only the type you use for the longest part of your trip.

Telework & Compressed or Alternate Workweeks

- 16.4% (1,757) of the respondents work a 9/80
- 18.6% (2,010) of the respondents work a 4/10
- 25.4% (2,719) Telework

Telework

- 15% telework 3 or more days a week
- 26% telework 1-2 days a week
- 5% telework once every other week
- 53% telework occasionally, as needed

Telework Obstacles

- Less than 16% reported that they had encountered obstacles while teleworking.
 - Nearly 70% reported that the obstacles were technology related.
 - Slow VPN access or lack of VPN access
 - Lack of technical support
 - 10% reported lack of support from upper level management.
